

The ALO Test Advantage

Integrates comprehensive genetic data with a proprietary algorithm to deliver unmatched clinical insights.

What Providers Receive:

A detailed 30+ page report with lifetime-relevant insights—unlike blood or epigenetic testing, which offers only a snapshot in time.

Identification of food and drug sensitivities that may impact hair health and overall wellness.

Personalized nutraceutical recommendations to support optimal patient outcomes in hair rejuvenation.

Tailored topical and oral medication protocols to enhance treatment efficacy and patient satisfaction.

A 360° blueprint for comprehensive treatment, including in-office procedures and at-home regimens utilizing Smart Solutions RX products.

Exclusive Benefits for STIMUL8 Pro Providers:

1. 24/7 access to provider support through provider portal.
2. Exclusive educational content and clinical resources.
3. Special discounts and incentives across all Smart Solutions RX brands through.
4. Access to oral and topical compounded medications and combination therapies.

Elevate your hair restoration practice with the ALO Test—precision medicine tailored for superior patient outcomes.
